Stewartry HMA Housing Land Audit at 31 March 2017

Contents

Introduction	3
Section 1: Summary Statement as at 31 March 2017	4
Section 2: Programming of Housing Sites	14
Section 3: Completions	18
Section 4: Major Sites (sites of 5 or more units)	22
Section 5: Housing Allocations	33
Section 6: Small Sites (sites of less than 5 units)	46
Section 7: Completed Major Sites	82
Section 8: Completed Small Sites	83

Introduction

The audit is intended to provide a comprehensive description of all current sites for housing in the Stewartry HMA at 31 March 2017.

Section 1: Summary Statement as at 31 March 2017

The Summary Statement identifies the established housing land supply and the effective housing land supply for each District Centre, Local Centre and village identified in the Stewartry HMA.

Section 2: Programming of housing sites

Anticipated completions, by year, over the next 7 years have been produced.

Section 3: Completions

House completions over the last five years are included. Recent house completions between 1 April 2016 and 31 March 2017 are also included.

Section 4: Major Sites (sites of 5 or more units) and Section 5: Housing Allocations

The starting point is the established housing land supply. It includes:-

- Remaining capacity for sites under construction;
- Sites with planning consent; and
- Adopted Local Development Plan Sites.

The audit then identifies which sites are effective and which are constrained.

Section 6: Small Sites (sites of less than 5 units)

Again the starting point is the established housing land supply. In the case of sites of less than five units, 50% of sites are assumed to be effective based on an assessment of past completions rates and planning permissions.

Section 7: Completed Major Sites and Section 8: Completed Small Sites

It is good practice to ensure that individual sites can be tracked readily from one audit to the next until such time as the development is completed. All sites, completed between 1 April 2016 and 31 March 2017, are listed in Section 7 and Section 8.

CASTLE DOUGLAS - District Centre

Established supply: Major sites Adopted Plan sites Small sites Total units	Remaining Capacity 10 390 17 417
Effective supply: Major sites Adopted Plan sites Small sites (assumption 50% effective) Total units	Remaining Capacity 10 72 9 91
