Sarah Farrell - Climate Emergency Project Officer

### Summary of IA

The Council is required to publish the findings and results of all IAs conducted. The publication should include a summary of the following:

<p><b>Research and data (section 3)</b> What was used to assess the impact of the policy and a summary of the findings? Who was involved and consulted during the assessment stage? What were the findings from the consultation and how was this information used to develop the policy?</p>	<p>Data from Scottish Government and Scottish Government partner organisations (Energy Savings Trust, Scottish Government’s Heat Maps) and local data including current regeneration areas identified by Strategic Housing and other recognised initiatives. The development of the strategy follows Scottish Government Guidance and Methodology where appropriate and includes a specific section relevant to engagement with stakeholders.</p> <p>Data from Scottish Government and Scottish Government partner organisations (Energy Savings Trust, Scottish Government’s Heat Maps) and local data including current regeneration areas identified by Strategic Housing and other recognised initiatives.</p>
<p><b>Impact Assessment (section 4)</b> From the summary table at number 25 list the impacts.</p>	<p>Positive Impact(s) – 3 (Health &amp; Wellbeing &amp; Health Inequalities, Economic &amp; Social Sustainability and Environmental Sustainability, Climate Change and Energy Management) No Impact(s) – 10 (Age, Disability, Sex, Gender reassignment and Transgender, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion or belief, Sexual orientation and Human Rights) Negative Impact(s) – 0</p>
<p><b>Monitoring and review (section 5)</b> How is the policy to be monitored - how often and by whom?</p>	<p>No monitoring requirements. Update required no later than 5 years following initial publication.</p>

**Summary of actions arising from the Impact Assessment**
