Summary of IA

The Council is required to publish the findings and results of all IAs conducted. The publication should include a summary of the following:

<p>Research and data (section 3) What was used to assess the impact of the policy and a summary of the findings? Who was involved and consulted during the assessment stage? What were the findings from the consultation and how was this information used to develop the policy?</p>	<p>Evidence was gleaned from data from schools. Key stakeholders were involved in the changes to the extant policy. These include the Business Support Team, Headteachers, the Quality Improvement manager and the Schools' Manager.</p> <p>There was no requirement for a formal consultation.</p>
<p>Impact Assessment (section 4) From the summary table at number 25 list the impacts.</p>	<p>Positive Impact(s) – 0 No Impact(s) – 13 (Age, Disability, Sex, Gender reassignment and Transgender, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion or belief, Sexual orientation, Human Rights, Health & Wellbeing & Health Inequalities, Economic & Social Sustainability and Environmental Sustainability, Climate Change and Energy Management) Negative Impact(s) – 0</p>
<p>Monitoring and review (section 5) How is the policy to be monitored - how often and by whom?</p>	<p>Annually by Education & Learning Directorate.</p>
