

Waste Services

Our Services

With an annual budget of over £3.5 million our waste organisation is the largest of its kind in the Dumfries & Galloway region. We have 104 staff and 32 vehicles, and we provide a wide range of services including household waste collections and kerbside collections, commercial waste and recycling collections, and bulk, white goods collections. We also carry out assisted pull-out service of wheeled bins, food caddies and recycling boxes for elderly and infirm customers.

What Can We Do For You?

Our Commercial Waste operation now covers 2,360 business customers across the region.

We introduced Modern Commercial Recycling in 2014

We are fully compliant with the Environmental Protection Act 1990 (EPA 1990)

We adhere to the Waste (Scotland) Regulations 2012

Waste is an increasingly important factor in any business. The Waste Scotland Regulations 2012 place the onus on businesses and organisations to:

- Apply the waste hierarchy to the management of your waste and promote 'high quality' recycling.
- Present glass, metal, plastic, paper and card (including cardboard) for separate collection.
- Take steps to maintain the quality of dry recyclables presented for separate collection.
- In some circumstances, present food waste for separate collection.
- Take care of the waste while you hold it so it does not escape from your control.
- Ensure your waste is transferred to someone who is authorised to receive it, for example, a registered waste carrier or waste manager with the relevant authorisation. Or, if you are carrying your own waste that you are appropriately registered with SEPA.
- Complete a waste transfer note for any transfer of waste, including a full description of the waste, and retain a copy of this note for two years.
- Describe the waste accurately and provide information for the safe handling, transport, treatment, recovery or disposal by subsequent holders.
- Take reasonable measures to ensure that your waste does not cause pollution or harm to human health.
