I want to stand up for young people in my area. We have a negative reputation and I want to change that by giving back to the community we are all part of. I have the guts to fight back against any decisions I feel are inadequate and I won’t stop until the priorities of young people in my area are met.
MY PRIORITIES ARE:
1. Promoting Positive Mental Health & Wellbeing for Young People
2. Creating Opportunities and Places for Young People to be Young People
3. Ensuring Young People's Voices are Listened to in our Local Communities

I'll speak up and speak out for young people in Dumfries and Galloway to make sure our region is the best it can be for ALL young people - because I believe we all deserve better.

ONLINE VOTE WILL OPEN ON AUGUST 10TH - 19TH - ALL INFO CAN BE FOUND AT @YOUTHCOUNCILDG

NOODS IS THE ONE TO GET THINGS DONE!
Do all I can to make sure there is more awareness regarding all mental illnesses and unseen illnesses. Focus on the support for the future of the young people. Work to show and encourage young people about the opportunities and activities that happen in my area.

If I was to be elected Youth Councillor I would make it a top priority to listen to the voices of every young person in my area and use my position to express their voices in order to make my area a better place. I am passionate about improving my area and standing up for all the young people who live here.
