# Why we love teaching Mathematics

"I enjoy using Maths to solve real-life problems." Mrs Paterson

"I find it exciting that Mathematics is a universal language and no matter where on the planet or beyond you live, we all speak the same Maths!" - Miss Mair

"Mathematics is not about numbers - it is all about patterns. I love looking for patterns and using them to make fantastic designs or for making sense of information." Mrs Turska

"Mathematics is important as everything around is Mathematics" Ms. Murray

- "It is amazing to watch someone persevere, embrace mistakes and eventually 'get it' " Mrs Inglis
